# About Tranz Logistics Pty Ltd

Tranz Logistics is a privately owned and operated specialist transport company offering both, Wet and Dry hire of the latest mine compliant trucks and commercial vehicles throughout Australia. We work in close partnership with clients in the pipeline, mining, rail, energy, civil and construction sectors. We specialize in off road, project specific trucks and passenger vehicles.

Our crane truck services include, but is not limited to, heavy haulage and special over dimensional work, steel and reinforcing materials, timber and formwork, machinery, factory and warehouse equipment lifting and relocation. We also service the mining, oil & gas, construction, industrial and government sectors.

Our core business focus is transportation, however our business model encapsulates an end to end solution for all your transportation requirements.

At Tranz Logistics we experience a high level of repeat business and customer referrals.

Tranz Logistics is a proud members of the National Code of Practice for the Construction Industry and the Australian Government Implementation Guidelines.

Tranz Logistics is also an active accredited member of the National Heavy Vehicle Accreditation Scheme (NHVAS), which is a nationally recognized management and standards system in place to ensure the improved service delivery of the heavy vehicle transport industry.

	License Class Required: Car	

	<p><b>HV - Hydro-Vac Module</b></p> <p>3000L spoil tank, hydraulic boom with 270° rotation and radius of 4m for improved efficiency, three stage filtration system - No Baghouse</p>
	<p><b>SBU - Sand Blast Module</b></p> <p>400 hour guarantee, large-flow moisture separator and inlet fitting, pneumatic fan motor includes filter regulator, lubricator and muffler. Electric fan motor also available</p>
	<p><b>FFU - Fire Fighting Module</b></p> <p>1000l water tank with 36m x 19mm fire hose with adjustable Fire Fighting Nozzle 5.5hp diesel motor with 1.5" Fire Fighting Pump</p> <p>Mounted on Galvanised Skid and Optional Trailer</p>
	<p><b>Drive-Through Type Wheel Wash System</b></p>
	<p>Side Tippers</p>

# Notes / Further Information

All Payloads and spec descriptions are estimates and trucks will need to be weighed empty to gain accurate payloads.

All subject to availability and location.

Policies and Procedures – Fair Wear and Tear

This Fair Wear & Tear policy is a guide only and some items may not be listed and therefore may be subject to further assessment	Fair Wear & Tear
General	
Missing Service Manual, Owner's Manual	No
Missing keys or security system remote (if applicable)	No
Damage above top of door and above top of front and rear windscreens	No
Damage as a result of reversing	No
Any damage as a result of towing or being towed	No
Damage resulting from use in harsh, dusty, wet, abnormal conditions	No
Equipment / Accessories	
Missing/damaged cigarette lighter, knobs, trims, aerials	No
Missing/damaged UHF radios, CD player/radio, aerials, Fire Ectinguisher, triangles, flag, wheel chocks	No
Recharge of fire extinguisher	No
Fire Extinguisher test, tag, inspections (if not discharged)	Yes
Missing/damaged tools, jack, high mount lights, racks, bars spotlights and all on-hire inclusions	No
Glass	
1 or 2 minor chips (not in field of vision)	Yes
Major chips, bullseyes and stars (and minor chips in field of vision)	No
Pitted or sandblasted	No
Scratched from abrasive cleaning	No
Non-operational or cracked/broken headlights or lenses	No
Tyres & Wheels	
Unroadworthy	No
Missing tyres or wheels (includes spare tyre and wheel/s)	No
Missing or damaged centre hub caps, wheel studs, wheel nuts, Wheel nut indicators	No
Missing, split, badly disfigured, heavy scuffing	No
Minor scuffing	Yes
Prematurely worn tyres due to conditions/application (<30,000km travelled since new)	No

Premature or uneven wear due to incorrect tyre pressures	No
Interior – trim/upholstery/carpets/controls	
Screw holes from accessory removal and screw holes from fitment of accessories without approval	No
Seats/trim – burnt, cut, holed, ripped, stained interior items, visible repairs	No
Soiling to seats and carpets – caused by normal use	Yes
Permanent soiling to seats and carpets – caused by abuse, spills, grease, etc	No
Rips, cuts, marks, splits to trim and controls	No
Normal odours	Yes
Missing, damaged or inferior quality replacement controls	No
Torn or split luggage area trim panels and floor coverings	No
Paint/Body	
Minor scratching – less than 25mm in length and shallow, 2 per panel which can be buffed or polished out	Yes
Major scratching – more than 25mm in length and deep, more than 2 per panel	No
Minor touch ups or minor flaking	Yes
Prominent touch-ups, spoils from bird/tree droppings, major flaking	No
Evidence of poor repairs, colour mismatch, mis-alignment between panels	No
Major abrasions – more than 25mm, signs of constant use of automatic car wash	No
Dents – greater than 20mm diameter or paint surface penetration	No
Dents – less than 20mm diameter, no paint surface penetration and no more than 2 per panel	Yes
Hail damage, buckling, distortion, missing badges	No
Minor stone chipping on bonnet, lower doors, wheel guards	Yes
Prominent areas of major stone chipping	No
Un-repaired or poorly repaired aerial holes (or aerial must be left in place)	No
Damage caused to the vehicle due to the attachment or removal of decals/stickers	No
Damage to paintwork from bird and bat droppings	No
Paint/Body	
Minor scratching – less than 25mm in length and shallow, 2 per panel Yes	Yes
Major scratching – more than 25mm in length and deep, more than 2 per panel No	No
Minor touch ups or minor flaking Yes	Yes
Prominent touchups, spoils from bird/tree droppings, major flaking No	No
Evidence of poor repairs, colour mismatch, mis-alignment between panels No	No
Major abrasions – more than 25mm, signs of constant use of automatic car wash No	No
Dents – greater than 20mm diameter or paint surface penetration No	No
Dents – less than 20mm diameter, no paint surface penetration and no more than 2 per panel Yes	Yes
Hail damage, buckling, distortion, missing badges No	No
Minor stone chipping on bonnet, lower doors, wheel guards Yes	Yes
Prominent areas of major stone chipping No	No

Un-repaired or poorly repaired aerial holes (or aerial must be left in place) No	No
Damage caused to the vehicle due to the attachment or removal of decals/stickers No	No
Damage to paintwork from bird and bat droppings No	No
Mouldings/Grille/Bumpers/Mudflaps	
Minor parking damage – scuffing, light scratches	Yes
Medium damage – divots, gouging, minor dents, cracks	No
Major damage – rips, major dents, distortions, holes	No
Missing moulds, grilles, bumpers, snorkels or mudflaps originally fitted to the vehicles	No
Underbody	
Minor dents and deformations	Yes
Impact damage (includes stone damage to Shock absorbers	No
Exhaust leaks which are the result of visible damage to the exhaust system	No
Water intrusion into any components. Ie. Wheel bearings, diffs, engines etc.	No
Premature wear or failure to any components or seals resulting from mud ingress or corrosion	No
Premature failure of clutch	No
Mud/water contamination to steering racks, pumps, brakes, alternators, starter motors, CV joints	No
Engine overheating due to foreign matter blocking cooling system. Ie mud, grass seeds etc.	No
Damage to cooling fins on radiator, intercooler, condenser due to pressure cleaning	No
Excessive corrosion due to operational environment and evidence of being operated in salt water	No
Mechanical Condition	
Failure to service and maintain the vehicle as per the manufacturer's recommendations, resulting in premature component or assembly failure (e.g. engine seizure, metal to metal brakes, transmission failure)	No
DPD failure (applies to New Generation Isuzu Trucks). If the vehicle has derated due to the manual regeneration not being carried out when the Orange Lamp is flashing, it can only be repaired by ISUZU Dealer at the Client's Expense.	No
Damage to fuel system as a result of biodiesel, contaminated, or incorrect fuel	No
